The Canyon News

Sixty-first Year Canyon, Texas Wednesday, October 10, 1956 Number 27

Special Train Tickets on Sale

Tickets for the special train to Lubbock Saturday night for the Texas Tech-West Texas game will be on sale at five places in Canyon for the rest of the week.

Roundtrip fare from Canyon will be \$3.05. The tickets will be on sale at the Canyon Drug, Buffalo Drug, Johnnie's Humble Service, Chamber of Commerce and the Santa Fe ticket office.

The train is scheduled to leave Canyon at 4:45 p. m., stop in Happy for other riders, and arrive in Lubbock at 7:15 p. m. The train will be parked about 1½ blocks from Jones Stadium.

It will leave on the return trip soon after the end of the game.

Eagles Meet Littlefield Friday Night; Coach Expects Another Tough One

"Regardless of whether you figure you should win or not, when you are playing a 3-A team you don't know what's going to happen," Canyon High School Coach Guy Harrison said Tuesday as he looked forward to the Canyon-Littlefield game Friday night in Littlefield.

His comment would apply equally well to the game with Dumas last week, which the Eagles lost by a score of 19-12.

"We were beaten by the best club we've played this year, however, we made more mistakes than we have in any other game this year," he said of the Dumas game. "Mistakes in other games didn't hurt because we weren't playing such good teams. When you make a mistake against a good team, it can cost six points."

"Our kids did fight hard. We talked to do some things that we should have," he said.

Halfback Harlie Adams and guard C. B. Stone were injured last week's game, but the coach said Adams will most likely be able to play against Littlefield, but Stone would probably be out of the lineup.

Littlefield has a fairly heavy team, averaging 168 pounds. The line averages 178 and the backfield 151, with a tiny quarterback, Mickey Ratliff, weighing in at 126 pounds, pulling the average down.

The big guns for the Wildcats are Max Morris, 177-pound fullback, and Mike Greer, 150-pound right halfback. The other halfback, Buddy Jones, is no slouch, either. He weighs 150, also.

Morris has scored six touchdowns and two extra points. Greer has scored six touchdowns and one extra point. Jones has scored six touchdowns and two extra points, the touchdown on a pass from Ratliff.

Littlefield, a 3-A power, defeated Plainview 38-13, tied 12-12 with Alton, topped Brownfield by one point, 20-19, and skunked Tulia 44 last week.

Mr. and Mrs. L. E. Gum spent Sunday in Perryton with Mrs. Gum's mother, Mrs. R. H. Francis.

T. B. Atkins of Big Spring visited Mr. and Mrs. G. B. Combs Friday and Saturday.

Coached by Gene Mayfield, West Texas State star quarterback on the 1950 team, Littlefield runs from a straight T formation, using flankers.

According to the scout reports, Greer is the most dangerous back on the team. The Wildcats were scouted against Brownfield and Tulia.

City Wants Code Enforced

An order for strict enforcement of the city's building and plumbing ordinances was given by the city commission at the regular meeting Monday night.

City Secretary Andrew Boggs told the commissioners that violations of the ordinances seem to be increasing. He said that recently he has had to ask builders to come in for permits after the work has already started.

Both ordinances require that permits must be issued before any work is started, and the plumbing ordinance requires that the work be inspected before it is covered.

Boggs also reported that water use in September was almost as high as the peak month recorded before 1956. A new peak month was set in August when 51,476,900 gallons of water were used. Previously, the record month was August, 1955, when 46,380,300 gallons were used.

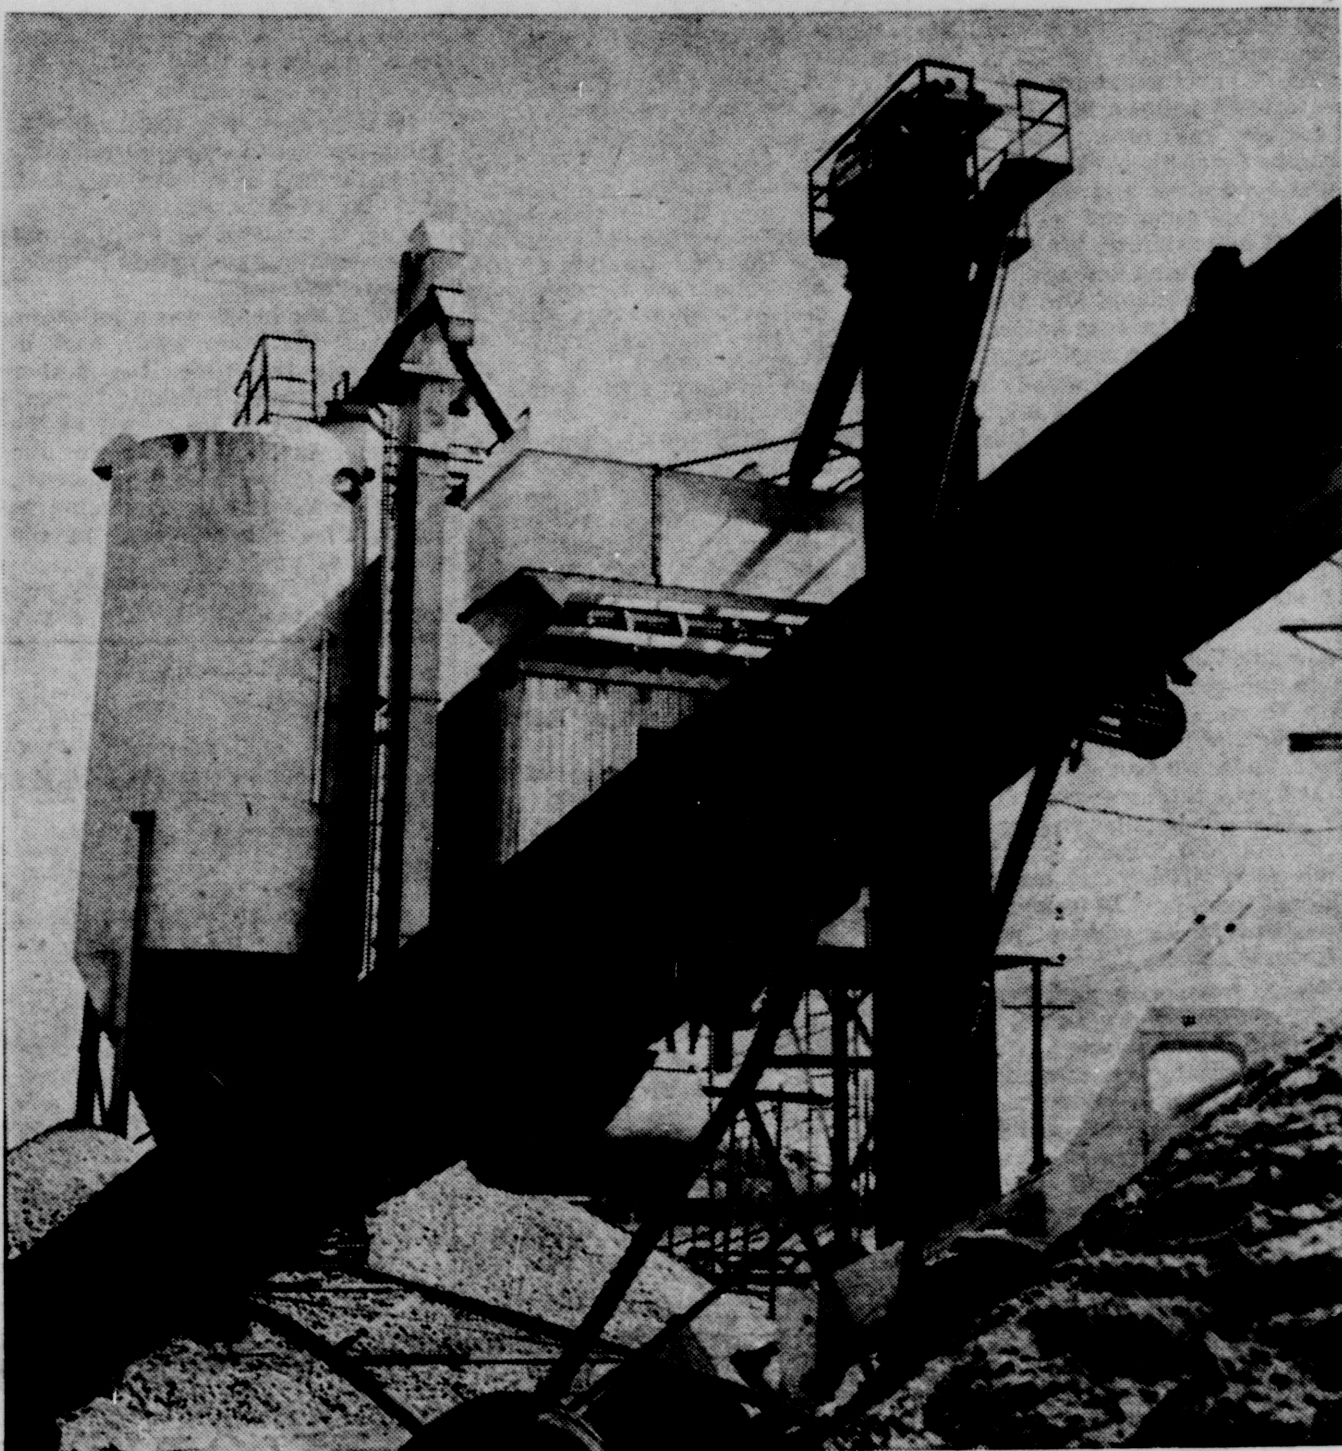

Boggs reported the September usage was 45,341,000 gallons, an average of 1,511,360 gallons a day. As a comparison, the use during September of last year was 32,340,600 gallons.

The most water used in any one day has been 2,180,100 gallons when that amount was used on two separate days in August.

At present, the estimated maximum output of the city's seven wells is about 2,600,000 gallons, Boggs said.

The production rate of the wells was tested on Sept. 12. The rates found were: Well No. 1, 150 gallons per minute; No. 2, 150 gallons; No. 3, 215 gallons; No. 4, 299 gallons; No. 5, 396 gallons; No. 6, 335 gallons; and No. 7, 271 gallons.

Concrete Mixer Ready for Work

Crowe-Gulde's new ready-mix concrete plant should begin operation this week. The plant is located at the north end of 21st, and will put out 50 to 60 cubic yards a day.

Crowe-Gulde To Start This Week

Production of ready-mix concrete in the new Crowe-Gulde Cement Company plant located at the north end of 21st Street is scheduled to begin sometime this week, C. T. Crowe has announced.

The plant, with a capacity of 50-60 cubic yards a day, is the second in Canyon. The first, Panhandle Concrete Company, is located at Hereford Highway and 11th Street.

Crowe said the new plant was located here because the company expects Canyon to build heavily with the construction of the Amarillo to Canyon expressway.

With the construction at the college, along the expressway and the anticipated growth of Canyon, the plant was made at least twice as large as would be necessary for a town this size, Crowe said.

Boy Scout Troop 97 Stages Paper Drive

On Friday, Oct. 12, Troop 97 will stage another paper drive. The people of Canyon are asked to leave all old magazines, newspapers and other paper products on front porches so the Scouts may pick them up after school.

"It's big enough for a town of 15,000 to 20,000," he said. "We didn't want to build it too small, then have to come back and build on to it later."

Crowe said he expects to see Canyon and Amarillo grow together "one of these days." The plant located here is the same size as the company put in Hereford, and "we're well pleased with it."

The plant here will employ four to six full-time workmen, and during peak periods would need more workers, he said.

"We're going to try to be a part of Canyon. That's our way of doing things," Crowe said.

Crowe-Gulde Cement Company celebrated its 30th year in Amarillo on Oct. 1.

Ratliff Ready for Texas Tech Game; Buffs Trying for Fourth Win of Year

All Conference halfback Bob "Red Dog" Ratliff will return to the West Texas State football squad after an absence of three years when the Buffs meet arch-rival Texas Tech at Lubbock next Saturday night.

The 6-2, 210-pound griddler earned a spot on the Border Conference defensive team as a freshman in 1952. However, he left school early in the '53 season for a stint in the Army and just recently received his discharge.

An outstanding performer in the service, Ratliff arrived at the West Texas campus in excellent shape and is being counted on for yeoman duty in the Tech scramble. A power runner,

Ratliff also has exceptional speed for his size.

An open date last week gave Coach Frank Kimbrough an opportunity to run his veteran squad through extensive scrimmages. "I don't think our blocking and tackling has been good in the first three games," he stressed, "and that's what we need to work on the most."

There have been no serious injuries to key performers so far and Coach Kimbrough, in his 10th year at West Texas, feels the squad should be in excellent shape for the invasion of Texas Tech. Last year, several starters and top replacements were on the shelf with injuries when West Texas dropped

Down Slightly from Last Year's Expense; Salary Fund Made Higher

Expenditures of \$518,637.75 are expected with the 1957 budget accepted Monday by the Randall County Commissioners Court. The budget shows income from all sources of \$525,239.21, an increase of nearly \$25,000 over 1956. The estimated expenditure for next year is almost \$71,000 lower than the estimated expenditures for 1956, with the difference coming in the expenditures from the general fund and from the precinct funds.

Chamber Sets Banquet Dec. 6

December 6 has been set as the date for the annual Chamber of Commerce banquet, Chamber Manager Roland Black announced this week.

The banquet will be held at 7:30 p. m. in the West Texas State cafeteria. Black said the banquet will not be called off this year as it was last year, and asked that other organizations schedule around the date.

Black said a speaker has not been selected yet, but several letters have been sent seeking an outstanding speaker.

Tickets for the banquet will be available soon. "We'd like to show Hereford we can do as well as they can," Black said. At Hereford's last annual banquet, some 800 tickets were sold.

PICK FOUR FOR CONCERTS

Four programs for the 1956-57 Canyon Community Concert Association season were selected Saturday by the board of directors at the close of the membership drive.

Originally, three programs were planned, but it was found that four would fit into the association budget.

The first concert will be Oct. 31 when the Teltschiks, two-piano team, will appear here. Concert favorites all over the United States, Alfred and Herbert Teltschik have been described by the New York Herald Tribune as "masters in the art of duo-pianistic precision . . . dazzling ensemble, tremendous sureness, and finesse and delicacy to the last detail."

The Teltschiks have a conservatory in Houston.

The second program will be Jan. 10. Frances Archer and Beverly Gile, who sing folk songs and ballads of 14 nations, are the artists. Having appeared on the Ed Sullivan show three times, the women sing the songs in the original languages, and accompany themselves on a guitar.

Third on the season schedule is the Paganini Quartet, world famous string ensemble. They will appear Feb. 18. Playing fabulous Stradivarius instruments, the quartet recently distinguished itself in its initial European tour.

The final artist to appear will be mezzo-soprano Margery MacKay, who will be here April 5. She has won a reputation for her recital and opera appearances on the West Coast, and has most recently been making music news with her starring roles at the New York City Opera.

Admission to the four concerts is by membership only.

Mrs. H. D. Thompson and Avis Thompson of Tulia spent Friday afternoon with Mrs. R. D. Lowrey.

a thrilling 27-24 decision to the Red Raiders.

It will be the first Border Conference game for the Buffs, who rolled over Corpus Christi, 29-6, McMurry, 33-7, and Sul Ross 48-0, in their first three outings. Although Tech was recently admitted to the Southwest Conference, its games with Border foes will count in the standings.

The 1957 expenditure from the general fund, which includes administrative costs, charity and public service, judicial and law enforcement expenses, maintenance and repairs for capital outlay, will be \$89,499. The 1956 budget called for spending \$120,699—which includes the expense of constructing the branch tax office in South Amarillo.

The expenditures from the four precinct funds will be cut about half, from \$102,083 in 1956 to \$52,241 in 1957. The budget for Precinct 1 calls for spending \$45,278 next year against \$96,415 this year. The cut in that fund is mainly in a decrease from \$70,000 to \$20,000 in spending for road and bridge construction.

The budget for Precinct 2 calls for more spending in the coming year. It calls for expenses of \$55,244 and the 1956 budget called for expenses of \$30,203. Again, the difference is in road and bridge construction, with \$30,000 budgeted for next year as against none for this year. The item is for a portion of the farm-to-market road to be paved from Buffalo Lake to the Castro County line.

Precinct 3's budget for next year is almost the same as this year. The new budget calls for \$47,602 in expenses as against \$43,610 for 1956. More road and bridge construction is planned, some \$20,000, while this year's budget includes purchasing land, buildings and road equipment.

The Precinct 4 budget is cut in half, also. During 1956, the budget expenditure was \$102,083 and the 1957 estimate is \$52,241. The difference, again, is in road and bridge construction—a drop from \$72,000 to \$20,000.

The salary fund expenditures were raised by \$17,000 for 1957. In 1956, the budget called for spending \$118,000 and for 1957, the budget estimates spending \$135,000. County Auditor E. T. Cummings told the court that he had never been able to budget enough to take care of salary expenses, and that he added extra in the 1957 budget in an attempt to make it even out.

The sinking fund expenses for 1957 will be \$84,668.75. In 1957, the expenses in that fund were \$71,336.25.

The county expects to get \$229,000 in ad valorem taxes this year, excluding an additional \$36,000 from the road and bridge special tax. Other money will come from the county share of motor vehicle registrations, fines and fees and several miscellaneous items.

Forecasting fund balances from the first of the year to Dec. 31, 1957, Cummings said the four precinct funds will have a total of \$123,757.39; the general fund will be \$10,320.23 in the red; the courthouse and jail fund will have \$7,438.83; the salary fund will be \$49,052.34 in the red; and the cemetery fund will have a balance of \$149.06.

The sinking fund will have a balance of \$8,106.71. Totating all the forecast balances, the county will have some \$87,253.14 on hand to begin 1958.

At the end of this year, the county will have \$80,651.68 on hand. The precinct funds will have \$81,165.18, the general fund \$1,596.77; the courthouse and jail fund will be \$12,085.17 in the hole; the salary fund will be \$6,452.34 in the red; and the cemetery fund will have a balance of \$749.06. The sinking fund will have a balance of \$11,222.46.

In other business Monday, the court accepted a bid of \$620.50 from James C. Latham Cement Contractor for sidewalks, approaches and curbing for the new tax office. Another bid of \$1440 from J. Lee Milligan was accepted for paving parking areas for the new building.

The commissioners okayed the paving of Bell Avenue and converting it to a truck route. The highway department had asked for an order accepting the minutes of the State Highway Commission ordering the change.

A bid of \$2680 for office furniture for the new tax office building from General Office Supply of Amarillo was also accepted.

Stork Specials

Mr. and Mrs. T. R. White are the parents of a boy, Terry Wayne, born Oct. 5 at Northwest Texas Hospital in Amarillo. Mrs. White is the former Joan Bullard.

Mr. and Mrs. R. K. Copas of Richmond, Calif., are the parents of a baby boy, Stanley Keith. Copas is the former Martha Jones.

Young Given Life for Chapman Murder

Clarence Edward Young was found guilty of the murder of Robert Boyd Chapman by a 47th District Court jury shortly after midnight Thursday, and was sentenced to life imprisonment for the crime.

Young will be tried today on a second charge of theft over \$50 for stealing Chapman's car and taking it with him to Wichita, Kan.

The jury returned the guilty verdict at 12:35 a. m. Friday, some hours and 28 minutes after the case was given to them. Their deliberations were disturbed only once, once when they went to supper and a second time about 1 p. m. when they asked for a portion of the testimony to be read to them.

The trial began at 9 a. m. Thursday, and both the state and defense rested and closed their

cases soon after 2 p. m. in a surprise move by the court-appointed defense counsel, W. J. Fleisher and V. G. Kolius.

Selection of the jury began Tuesday morning after Judge E. E. Jordan over-ruled a series of motions that the jury panel be dismissed and that a change of venue be granted. The judge said the selection of the jury automatically over-ruled the motion for the change of venue.

Named to the jury were M. C. Redus, car salesman; W. C. Rhodes, personnel director for Southwestern Public Service; E. J. Roach, wholesale hardware clerk; Roy H. Roberts, of the Amarillo Grain Exchange; Earl J. Roddy, lumber company manager; Jack Powell, farmer; C. D. Prestwood, civil service maintenance worker; Everett R. Martin, accountant; James O.

Meacham, petroleum warehouse clerk; George B. Merchant, insurance salesman; Mark Miles, Amarillo director of City Parks and Recreation; and Harold Miller, Amarillo City Traffic Engineer. Redus was elected foreman.

All of the jurors were from Amarillo except Powell who farms in the south part of the county. Only 103 members of the 300-man venire were examined in selecting the jury.

The final member was sworn in late Wednesday afternoon.

As testimony began Thursday morning, the defense counsel and Young stipulated a series of facts that, in the end, proved Young to be guilty of the murder of Chapman.

Stipulations were that various articles found in Chapman's car in Wichita, Kan., by Sheriff L. S.

Johnston at the time of Young's arrest there were in the car at that time and belonged to Chapman; that other articles picked up along the way and brought back to Canyon by the sheriff and Young also belonged to Chapman; that a blood-stained seat cover, blankets and pillow dug out of a chat pile near Treece, Kan., were Chapman's belongings buried by Young and that any blood on them was Chapman's blood; and finally, that the person Young was charged with slaying in the indictment was, indeed, the same man that Young admitted slaying in a confession offered in evidence.

The confession and testimony by Jerry LaGrone, member of Warren-LaGrone Funeral Chapel, were the high points of the state's case.

As Criminal District Attorney A. W. Lair attempted to intro-

duce other items as evidence, the defense counsel made the stipulations. The defense strategy apparently was to keep any articles which might be stained or which might influence the jury out of the sight of the jury.

The courtroom was packed as testimony began. First witness was Billy Ray Moore of Big Spring, who was in the roadside park south of Canyon March 17 when Chapman's body was discovered.

Next to testify was Kenneth Olson, of Holt, Mich., father-in-law of Chapman. J. T. Harp, Canyon photographer, was third, and the picture Lair had Harp identify was excluded from testimony after it had been objected because it might be "inflammatory and prejudicial."

LaGrone testified next, and told the jury of the 14 knife wounds on Chapman's body. He

told the jury that any of several of the wounds would have been sufficient to kill Chapman. His testimony was that which the jury wished to hear again that night.

W. A. Warren, who witnessed the signing of the confession, testified next, telling of the taking and signing of the statement.

Lair, himself, took the stand to testify as to the method used when Young gave the statement, then Lair read the confession, excluding three parts which he did not wish to offer in evidence. The defense offered the excluded portions.

The portions Lair excluded told of Chapman having something in his hand when Young walked away from the car, that Chapman had been acting "kinda queer," and that Young had taken \$18 from (Con't. on Back Page, Section 1)

EDITORIAL

Views and Comments

During odd moments of last week's major trial in the 47th District Court, Judge E. E. Jordan told me of an impression he gained in a class of Fundamental Conceptions of Law that he took while in law school. The lesson he learned would be well applied now or anytime.

The conception he discussed was that every right and privilege carries with it a corresponding duty and responsibility. It sounds simple, we all subscribe to it, and yet too few of us practice it.

You know how it is, we all have the right to vote and we know it's our duty to vote, but about half of us neglect to exercise our right. We have the privilege of driving an automobile and the responsibility of driving carefully, yet we are guilty of failing to exercise our responsibility.

We have the right to swing our arms in the air freely, but we have the corresponding responsibility of seeing that we don't punch someone else in the nose while we are swinging our arms.

Judge Jordan believes that many of the present-day problems with teen-agers would be dissolved if the nation's youngsters were required to accept the duties and responsibilities of the rights and privileges they have been given.

As an instance, the judge told of a committee he formed while he was Potter County judge. The committee, made up of representatives from the police traffic department, the Jaycees, the safety council and a student from the high school, were charged with the responsibility of studying requests from youngsters under 16 who were requesting drivers licenses.

As you know, the county judge may grant licenses to youngsters between 14 and 16 who must drive for a good and sufficient reason. Judge Jordan said the members of his committee told him that the student on the committee was invariably the hardest member to convince of the necessity for a license.

"He would really grill the applicant, and find out for sure if the applicant actually had a need for a license," the judge said. "If he wasn't convinced, he would vote 'no'."

The judge said that teen-agers will respond favorably when given a responsibility and required to do his duty by that responsibility.

In an editorial published last week, the *Amarillo Daily News* complimented Randall County for joining the bi-county health unit, and lauded Lewis Dodson, Dr. R. P. Jarrett and Amarillo City Health Officer Jack Wyatt for influencing the decision.

The editorial says Dodson and Wyatt did "yeoman service in presenting the case" to the commission. Dodson did present the case. However, he failed to present the facts requested by the commissioners. The commissioners wanted an estimate of what the ultimate cost of the unit might be, and also wanted a report of services which have been given the county up to now.

Wyatt made up a listing of previous services for presentation to the court, but Dodson failed to bring it along. "I forgot it," he said. In order that the commissioners court might have advantage of the report, Pollyanna Hughes, *Daily News* correspondent who has the happy ability to take shorthand, called Amarillo and took the report by shorthand over the telephone. Wyatt, himself, did not appear before the commission, even though the editorial seemed to point to that.

Also left out of the "credit where credit is due" column was Dr. R. A. Neblett, who appeared before the commissioners court several times, giving information and support. I just felt we ought to set the record straight.

For the first time since 1949, a homecoming celebration will be held this year for ex-students of Canyon High School, and planning is already well underway for the event.

Scheduled to revolve around the Canyon-Muleshoe football game on Nov. 2, the homecoming festivities will actually begin with a bon fire on the night of Nov. 1. On Nov. 2, an open house at the high school will give exes a chance to visit with old friends, teachers and a chance to look around.

During the afternoon, an assembly is planned for the entertainment of the ex-students. At halftime during the football game, the football queen, selected by the players, will be crowned by the Student Council President, Tommy Davis.

Closing the day will be a dance at the high school with a dance band made up of Canyon students.

On the over-all planning committee for the homecoming are George Cristy, chairman, Mrs. A. K. Knott, Guy Harrison, J. E. Miller, all faculty representatives, and LaVerne Riley, Roy Hunter, Dwayne Ledbetter and Karen Parker, from the student body.

The student council, faculty and other student representatives voted to have the homecoming this year at a meeting held after students began a move for it. Here's a good chance for old grads to relive a happy time. Make the most of it.

The remaining two of the nine constitutional amendments to be voted on next month are:

Amendment No. 8, named House Joint Resolution No. 9, would provide that a judge or magistrate may deny bail to a person accused of a felony less than capital, if the person has been convicted of two previous felonies.

The constitution presently allows any person charged with a crime to be given bail privileges unless the crime is a capital crime, ie, murder, armed robbery or rape. The amendment would allow a judge or magistrate to deny bail to persons under very limited circumstances.

Those limits would be that the accused must have been convicted of two felonies at two different times. If the accused were denied bail and his trial were not held within 60 days from the date of his imprisonment, the order denying bail would be automatically set aside. The accused would also have the right of appeal to the Court of Criminal Appeals. Bail could not be denied until after a hearing was held that would substantially show the guilt of the accused.

Amendment No. 9, named House Joint Resolution No. 30, would authorize a state program of assistance to needy citizens who are permanently and totally disabled by reason of a mental or physical handicap.

Those to be assisted under the amendment must be between 18 and 65, and have lived in the state for at least one year immediately preceding application for assistance, plus an additional five years during the past nine years prior to applying. Thus a total of six years of state residence within nine years is required. This is in conflict with a Federal law which says federal funds may not be used to match state assistance funds if more than five years during nine is required for residence.

Not more than \$20 a month could be paid to any individual from the state. If federal funds were also used, the payment would be \$58 under present law. The amendment limits the total that can be paid out in any one year to \$1.5 million. It is expected that additional taxes would be necessary to raise the amount.

Dear Editor:

I am writing this to the A to Izzard column of about a week ago to get some things straight. In the first place there are thousands who liked Ike four years ago who have found out they don't like him as well as they thought they did and other thousands in the same shape who just hate to admit they were wrong, even to themselves.

Well, the handwriting is on the wall. Ike has been tried and has been found wanting. At least Stevenson and Kefauver show good promise and I don't think we are pursuing another myth in following them.

Sure, Mr. Izzard, there are little men and common men, but you wouldn't know about them as they are farmers and the like. At least a farmer can feel pretty small when he faces his banker, with that glassy-eyed stare and the skeptical look on his face, and asks for an inflated extension on his shopworn note with nothing for security but a bunch of out-dated and worn-out machinery and a few half-starved cows. If he isn't a small man, then he, at least, could feel small enough to drop right through a knot hole in the floor, if you could find a bank with knot-holes in the floor.

And, yes, Virginia, there is also a forgotten man. He is the small town businessman whose life blood and very existence depends upon the good will and success of the farmer.

Already there is a noticeable let-up in the abuse of the farmer to what there was a few years ago, and when Mr. Stevenson takes office I think we can do away altogether with the somewhat dubious but erstwhile popular indoor game of kicking the farmer in the face when he is already down, and perhaps, in time, he will be able, once more, to take his rightful place in respectable society.

Peace, prosperity and Progress. "Gentlemen may cry peace, peace, but there is no peace." Only an uneasy truce by appeasement dictated by the reds across the sea. Prosperity? Yes, prosperity with a big P for the big man. Progress? Yes, progress toward chaos and ruin with another four years of Ike. Why vote for him when you can vote for a good man.

I would send this to Mr. Izzard, but I believe in patronizing my home paper—so let him subscribe to the Canyon News and he can read it.

Ike Can't Make It Rain, But He's Still Best Man

The other day I asked a farmer if it was dry out his way. He said it sure was. "Looks like we just can't get any rain," he said. "Why, when Noah had his 40-day flood, we didn't get over half an inch."

There's no mistake about it, Texas is having itself a real drought. Some of the farmers and ranchers in our county are in such bad shape that they may vote for Stevenson.

Old Man Jones, from across the river, said he wasn't going to go to any such extreme. He said he needed rain as bad as anybody else. He claimed water was so scarce in his community that the preacher was baptizing new members with a wet handkerchief. But he was holding out awhile longer, anyway.

"I may be stubborn," said Old Man Jones, "but I just ain't been convinced that President Eisenhower is keeping it from raining."

He said he knew that Stevenson and Kefauver acted like they thought so, and they had a right to their opinion. Lyndon Johnson, he figured, knew better, but he was sticking with Adlai and Estes for the sake of unity. He said he didn't figure Mr. Sam Rayburn had known whether it was raining or not for the last 25 years.

"I hate not to go along with such a widely known crowd of weather observers," Old Man Jones said. "If there's anybody

Project No. TEX 41-CH-43 (DS)
WEST TEXAS STATE COLLEGE
CANYON, TEXAS

NOTICE TO BIDDERS

Sealed proposals addressed to THE BOARD OF REGENTS OF THE STATE TEACHERS COLLEGES for the construction of an Addition to the Present Cafeteria, Project No. TEX 41-CH-43 (DS) for WEST TEXAS STATE COLLEGE, CANYON, TEXAS hereinafter called "Owner" in accordance with plans, specifications and contract documents, which were prepared by and may be obtained from Macon O. Carder, Architect, will be received at the office of JAMES P. CORNETTE, PRESIDENT OF WEST TEXAS STATE COLLEGE OF CANYON, TEXAS, until 2 P.M. o'clock October 18, 1956, and then publicly opened and read aloud. Any bid received after closing time will be returned unopened.

A cashier's check, certified check, or acceptable bidders' bond payable to the Owner in an amount not less than 5% of the largest possible total for the bid submitted including the consideration of additive alternates must accompany each bid as a guarantee that, if awarded the contract the bidder will promptly enter into a contract and execute such bonds as may be required.

Attention is called to the fact that the rates of pay for labor and mechanics engaged in the construction of the project will be not less than the prevailing local wage rates for similar work as determined by the BOARD OF REGENTS OF THE STATE TEACHERS COLLEGES and approved by the Housing and Home Finance Administrator, and further in full compliance with any state law that may be applicable.

The Owner reserves the right to reject any or all bids and to waive any or all formalities.

Plans and specifications may be examined without charge in the office of Macon O. Carder, Architect, located at 419 Fisk Building, Amarillo, Texas, and may be procured upon a deposit of \$50.00 as a guarantee for the safe return of the plans and specifications, the full amount of which will be repaid upon the return of plans and specifications within five days after receipt of bids.

All bids may be held 30 days unless sooner returned by the Owner.

I GIVE YOU TEXAS

By
BOYCE HOUSE

When I was a boy, my father and I were traveling in a wagon in South Texas and, at the edge of a town, there was a billboard of a store, "We sell cheap hats." My father said, "It should have read, 'We sell hats cheap.' The remark impressed me with the importance of the way in which words are put together.

In 1943, my book, "I Give You Texas," appeared and then for a period of seven years I brought out a new book each year. This prompted a columnist to quip:

"There ought to be a Texas Book-of-the-Month Club — and Boyce House ought to write 'em."

It was once my distinction to bring out two books the same day — so far as I know, the only time this has ever happened.

And it resulted in a little misunderstanding — natural, under the circumstances.

One of the books was a collection of jokes; the other was a book of verse. At the time, the author was a reporter. Thinking the editor would not be interested in the poetry, I gave him a copy of the joke book and, thinking the society editor would not be interested in jokes, I gave her a copy of the volume of poetry.

Soon afterward, the society editor asked the editor, "Have you

seen Boyce's new book?" He smiled and replied, "Yes, and isn't it funny?" In an offended tone, she said, "I don't think it's a bit funny."

Times certainly change. In 1915 (when I lived there) and for many years before, a Southern city had "coal-and-ice" companies. In the summer, a company would sell ice from door to door. (You hung a sign in the front window if you wanted ice and in each corner of the card was a different number: "25," "50," "75" and "100" and the corner at the top signified how many pounds of ice you wanted.) In summer, as I was saying, they delivered ice. Then, in the winter, the same company sold coal. In this way, the concern had a year-round volume of business.

Now, most homes there have

electric refrigeration and they burn gas.

TERRIBLE!

When the flood was over and Noah had freed all the animals, he returned to the ark to make sure all had left. He found two snakes in the corner weeping.

"What's the matter?" Noah asked.

"You told us to go forth and multiply upon the earth, and we are both adders."

VAN HEUSEN
CENTURY SHIRTS
WON'T WRINKLE...EVER!

The greatest advance in shirts since the fused collar
Millions of men have discovered the most amazing shirt in the world — the Van Heusen Century. You'll be amazed, too, when you see for yourself that the patented one-piece construction of the Van Heusen Century collar keeps it smooth and neat without a single wrinkle from breakfast to bed. Yet it's handkerchief-soft and completely comfortable...never needs irritating starch or bumpy stays. Women are surprised, too, when they see how perfectly this wonderful collar irons in one swift stroke because of its unique woven-in fold line. And these handsome Van Heusen Century shirts will give you up to twice the wear, yet they cost no more. \$3.95 white; \$5.00 superfine white; \$5.00 oxford button-down; \$3.95 colors, shirtmate tie \$1.50.

In Mrs. Sidney Burgess' first grade class are Philip Swartzell, left rear row, Jimmy Bennett, Cathy Gerald, Linda Stevens, Norman Pray, Gary Prichard, Lynn Mucklerane, Andy Hull, Paula Woolsey and Jim Hill; Allen Hicks, left center row, Penny Warren, Billy Don Crossland, Jimmy Wayne Brown, Darlene Blackman, Marilyn Hodges, Barbara Wolfington, Leta Carol Cranmer, Karen Strohmeier and Johnny Barrett; Jessie Lee Campsey, left front row, Sue Pitts, Diane Garner, June Johnson, Gene Paul Fowler, Bobby Howard, Leta Faye Findley and Scott Donnell.

Internal Revenue Giving Away Money!

The Internal Revenue Service is diligently looking for 3,000 North Texans who have tax refund checks

awaiting them, according to J. Z. Pearce, administrative officer of the Amarillo office.

The Dallas office has an employee who spends full time finding taxpayers due a refund check. A very large part of the taxpayers due a refund check have moved

and failed to give Internal Revenue a forwarding address. In quite a few cases, the taxpayers plain forgot to put their address on their tax return.

Pearce stated the checks ranged in size from a few dollars to some amounting to several thousand dol-

lars.

A Dallas newspaper recently printed 600 names and addresses of Dallas taxpayers due refund checks. Within three days, 400 of these taxpayers had claimed their checks. Others are claiming their checks daily. Pearce advised Randall County area taxpayers who are due a refund check to send their correct name and address to Bonnie Reed, Claims Examiner, District Director of Internal Revenue, 2101 Pacific Avenue, Dallas, Texas.

Miss Reed is as glad to hear from the taxpayers who have refund checks in her file as the taxpayers are glad to get the checks.

A few taxpayers have been notified that their returns are being audited before their refund can be made, Pearce explained. These taxpayers will be individually advised concerning their refunds. They should not contact Miss Reed.

Bible Verse to Study

"One thing I do, forgetting the things which are behind, and stretching forward to the things which are before, I press on toward the goal unto the prize of the high calling of God in Christ Jesus."

1. Who is the author of the above statement?
2. What illustration is he using to stress his point?
3. To whom was he writing?
4. Where may these verses be found?

BIBLE VERSE ANSWERS:

1. Paul the Apostle.
2. The figure of a man running a foot race.
3. To the Christians at Philippi.
4. Philippians 3:13-14.

Sports Quiz

1. What two American League sluggers hit 58 home runs in a season?
2. When was the Major League home record set?
3. What player holds the National League record for runs batted in in a World Series?
4. In what year did players receive record shares of money from a World Series?

THE ANSWERS

1. Jimmy Fox (1932) and Hank Greenberg (1938).
2. In 1927 by Babe Ruth, 60 homers.
3. Duke Snider, Dodgers, 20 — in 1955.
4. In 1954, in the Giant-Indian series.

CITATION BY PUBLICATION THE STATE OF TEXAS TO: T. P. BRANUM, Defendant, Greeting:

You are hereby commanded to appear before the Honorable 47th District Court of Randall County at the Court House thereof, in Canyon, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 29th day of October A.D. 1956, then and there to answer Plaintiff's Petition filed in said Court, on the 11th day of September A.D. 1956, in this cause, numbered 3202 on the docket of said court and styled EVA ESTELA BRANUM, Plaintiff, vs. T. P. BRANUM, Defendant.

A brief statement of the nature of this suit is as follows, to wit: Suit for divorce on grounds of cruel treatment. No children or property involved, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Canyon, Texas, this 14th day of September A.D. 1956.

ATTEST:
MAVIS HILL, Clerk, District Court Randall County, Texas.
By Betty Webb, Deputy.

SOIL CONSERVATION DISTRICT NEWS

We know soil conservation districts at first-hand and have seen not only how they have begun to transform the land and the methods of farming from an exploitative to a permanent agriculture, but how they have given rural people a new way to work together and with others for their own good and for the benefit of the community. — P. A. Waring and Clinton S. Golden, in "Soil and Steel."

J. W. Spencer was re-elected as supervisor for a five year term during the election held at Jowell last Tuesday night. Before the election C. A. Pierle gave an interesting talk on "Mining of the Soil thru Waste."

Joe Batson, local Work Unit Conservationist, gave a short talk on how the Soil Conservation Service functions in regard to the Soil Conservation District. John Brazzil, county agent, presented some slides of conservation practices being performed in the district.

After the election the board members held a short meeting and Spencer was re-elected chairman, with C. V. Conatser being elected vice-chairman, and R. C. Sampson secretary. The regular meeting of the board is the first Tuesday of each month at 7 p. m. in the Randall County Courthouse.

What sort of mark would your insurance program get? For instance, have you checked your policies since you made those home improvements? And since you bought furniture or appliances?

State Capitol NEWS

By VERN SANFORD
Texas Press Association

Campaigning in Texas is in high gear.

First to open statewide campaign headquarters were the Texas Democrats for Eisenhower. In charge is Weldon Hart, longtime aide to Gov. Allan Shivers.

A few days later Warren Woodward, Houston attorney, moved to the capital city to set up the Stevenson-Kefauver camp.

Says Hart, "Our campaign is backed by Texas Democrats who supported Eisenhower in 1952 and who can see no reason to change."

First of a series of ads in behalf of Ike appeared in all Texas newspapers last week. Stevenson ads will follow as Woodward's program begins to unfold.

Meanwhile candidates for the

vacated Senatorial post of Price Daniel are jockeying for position. But none has made what could be called a statewide plea for support.

Daniel is finally "in" as the Democratic nominee for governor. But procedure for naming a new U. S. Senator still is as muddled as ever. He resigned his senate seat effective Jan. 15, "or sooner if a successor is elected."

When this can be done, and how, hinges on 1) when the governor calls a special election; and 2) whether the State Democratic Executive Committee decides to try to hold party primaries before the special election.

Meanwhile Governor Shivers is on a bear hunt in Kodiak, Alaska, with two of his sons.

Segregation Laws Proposed
Legislation designed to circumvent the school integration ruling has been proposed by the governor's advisory committee.

Bases of the plan: (1) local boards could not desegregate schools unless so directed by a vote in the district, (2) liberal consideration would be given requests of parents wishing to avoid sending a child to an integrated school and (3) persons

trying to force integration would be liable to prosecution.

Governor Shivers said he would use the report in making recommendations to the next Legislature.

Roughage Program Suspended
It took drought-hurt Texas farmers only about two weeks to swamp the million dollar federal aid program for roughage.

U. S. Department of Agriculture has ordered that no more applications be approved while it makes a "careful reappraisal" of demands. Under the program, originally designed to run to Jan. 1, farmers in drought disaster areas were to receive certificates good for \$7.50 per ton for purchase of roughage for cattle.

State Building Hits New High
An estimated all-time high of \$27,600,000 will be spent on new state buildings in the fiscal year just begun.

More than half of this, or \$14,000,000 will be used in Austin. A whopping \$6,000,000 will be poured into the new state office and courts buildings for which sites now are being cleared. Another million will be used to repair and air condition the Capitol building; \$5,000,000 for state schools; and \$2,000,000 for state hospitals.

Of the remaining \$13,400,000 to be spent over the state, \$10,000,000 will go for armories and \$3,400,000 for state hospitals at Abilene, San Antonio, Wichita Falls, Gainesville and Waco.

School Experiments Studied
Ways to get "more for the money" out of Texas' school system are being sought.

A statewide advisory committee of educators and lay citizens has just launched a six-month study of ways to make most effective use of school properties and personnel.

Ideas being considered: (1) a 10-month school year, (2) a longer school day with staggered schedules, (3) more use of college students to assist teachers and (4) more multi-purpose rooms in schools.

College Enrollments Soar
Texas college campuses are overflowing again, even more than in post-war days.

Many schools report record enrollments. Some expected totals, after latecomers straggle in: University of Texas, 18,000; University of Houston, 13,500; Texas Tech, 8,000; Texas A&M, 7,400; Texas Christian University, Southern Methodist University, and Baylor, about 5,400 each.

At least one school, Texas Western at El Paso, was having to curtail its curriculum because of teacher shortage.

Securities Panel Named
Eight men have been named to take another look at that perennial hot potato — securities regulation. They will study the effectiveness of two laws passed by the last Legislature. One revised the state

securities act which is administered by the Secretary of State. Another created the Insurance Securities Division handled by the Insurance Commission. Likely they also will discuss the long-debated issue of whether the two securities regulating divisions should be combined.

Named to the committee by Gov. Shivers are Secy. of State Tom Reavley; former Secy. of State Everett Fulgham of Lubbock; Ins. Commr. J. Byron Saunders, Hal Dewar of San Antonio; Charlie Pierce of Dallas; Dr. J. C. Dolley of Austin; Gus Wortham and Wilbur Hess of Houston.

Short Shorts

San Antonio civic leaders were disappointed to learn state law forbids their finding more auspicious housing in the Alamo City for state historical documents currently stored in a quonset hut in Austin. Documents recently were moved from the Capitol building to make room for an electric computer.

Latest tips for keeping tab on eight million Texans will be given out by the State Health Department at a Dec. 6-7 conference on vital statistics. Registration officials will study problems arising from birth and death certificates and other statistical records.

Archie H. Christian has been appointed director of the new right-of-way division in the State Highway Department. A department engineer for 24 years, Christian will carry out the Highway Commission's new policy of buying roadway for the interstate highway system.

Texas' November draft call is for 858 men, largest quota since December, 1955, according to State Selective Service Headquarters.

Governor Shivers has named 35 Texans as delegates to the 49th annual conference of the National Tax Association Nov. 13-16 in Los Angeles.

All state banks have been called upon by the State Banking Department to make a statement of condition as of Sept. 26.

Incidence of polio during the past year was 10 times greater among children without Salk shots than those with at least one inoculation, reports the State Health Department. Only 25 cases of paralytic polio hit vaccinated children, compared to 321 for unvaccinated children.

CITATION BY PUBLICATION

THE STATE OF TEXAS

TO: All unknown and unnamed nieces and nephews that are living and if they, or any of them, are deceased, the heirs and legal representatives of such unknown and unnamed nieces and nephews under the will of Sallie R. McCormick, Deceased, Defendants, Greeting:

You are hereby commanded to appear before the Honorable 47th Judicial District Court of Randall County at the Court House thereof, in Canyon, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 19th day of November A.D. 1956, then and there to answer Plaintiff's Petition filed in said Court, on the 1st day of October A.D. 1956, in this cause, numbered 3213 on the docket of said court and styled Frank M. Ham, Plaintiff, vs. Cleo G. Clayton, Sr., Executor of the Estate of Sallie R. McCormick, Deceased, and all unknown and unnamed nieces and nephews that are living and if they, or any of them, are deceased, the heirs and legal representatives of such unknown and unnamed nieces and nephews, under the will of Sallie R. McCormick, Deceased, Defendants.

A brief statement of the nature of this suit is as follows, to wit: This suit being for the construction of the Will of Sallie R. McCormick, Deceased, dated on or about June 28, 1952, and admitted to probate in the County Court of Randall County, Texas, in Cause No. 775, on October 14, 1952; plaintiff Frank M. Ham claiming in his suit, that all of the unknown and unnamed nieces and nephews under the will of Sallie R. McCormick, Deceased, if living, and all the heirs and legal representatives of such that are deceased, took no interest under the will of Sallie R. McCormick, Deceased, in the North half of Section 149, Block 2, A.B.&M. Survey, in Randall County, Texas, and that he acquired fee simple title to same from all of the named devisees and legatees named in said will, by deed from them dated June 3, 1954, and of record in Volume 12 at Page 277 of the Deed Records of Randall County, Texas, and that the above named defendants and all of them, had no interest of whatsoever nature in said property, all of which is more fully shown in plaintiff's original petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Canyon, Texas, this 3rd day of October A. D. 1956.

ATTEST:
MAVIS HILL Clerk,
District Court, Randall
County, Texas.

Foreign Christmas Package Mailing Deadlines Coming, Postmaster Says

It may seem like a long time until Christmas, but the time for mailing parcels for Christmas delivery in foreign nations and to the armed services is near at hand, Postmaster Guy Harp announced this week.

The period from Oct. 15 to Nov. 15 has been designated for the acceptance of Christmas parcels for members of the armed forces overseas. The Post Office Department can give no assurance that surface parcels mailed after Nov. 15 or air parcels mailed after Dec. 1 will be delivered in time for Christmas.

In the case of gifts being sent for delivery in Japan, Korea and the islands of the Pacific, the post-

Two Cadets Get Distinguished Rank

Cadet Capt. Ralph Green and Cadet Maj. Tom Middleton, Canyon, are among eight seniors designated "Distinguished Military Students" at West Texas State College.

Green, son of Mr. and Mrs. Arlie W. Green, Sunray, is adjutant of the Second Battalion. Middleton, son of J. C. Middleton, Canyon, is adjutant for the WT regiment.

With the "DMS" status, the eight men are eligible to apply for direct commissions in various branches of the Army, and, should they maintain high scholastic and military science records, they will be designated "Distinguished Military Graduates" at commencement.

Wesleyan Service to Serve Refreshments

The Wesleyan Service Guild of the First Methodist Church will serve pie, cake and coffee after church Sunday night. There will be a silver offering.

Buy, Build, Live in Canyon!

A Sport Reports

By DICK KRANZ

During the past three weeks, the Hale Center Owls, a Class A grid terror, has taken on three District 1-AA elevens and defeated them all. And the Owls scored at least five touchdowns in each of the games.

All were wild scoring affairs as Hale Center clipped Dimmitt, 40-24; bopped Olton, 32-27; and outtraced Muleshoe, 41-34. Thus against District 1-AA teams, Hale Center scored 113 points in three games while 1-AA clubs could counter with just 85.

Oddly, District 1-AA teams had better luck against Class AAA Hereford, winning two of three games with the Whitefaces. Canyon and Olton defeated Hereford while

Hereford dropped Tulia.

After last week's competition only 19 undefeated and untied teams remain in the state in Class AA. From the Panhandle area only Lockney is in the group as the Canyon Eagles were edged, 19-12, Friday night by Class AAA Dumas in an exciting game. With Canyon dropping a game, District 1-AA doesn't have an unbeaten team.

Stamford, the AA defending champ, and Deer Park, winner in Class A two straight years, top the teams in the state.

Other undefeated teams in the Panhandle are Amarillo's Palo Duro in Class AAAA; Phillips in Class AAA and Stinnett and Springlake in Class A.

Four District 1-AA football teams will have an open date this Friday, resting up before the district championship chase starts Oct. 19. Only Canyon and Dalhart will see action in final non-conference affairs Friday night. Strange as it may seem, high school football has already reached the midway mark in the season.

Umbarger News

Mr. and Mrs. Max Hoffman and family, Mrs. Dean Adams and Diana visited in the E. A. Stocker home.

Dinner guests in the Max Hoffman home were Mr. and Mrs. Carl Kleuskens and family, Mr. and Mrs. Dean Adams and Diana and Sabina Stocker.

Mr. and Mrs. Leonard Batenhorst and family, Mr. and Mrs. Isidore Reinhardt and family visited in the Dennis Brandt home.

Mr. and Mrs. Norbert Skypala and family visited in the Herbert Friemel home.

Mr. and Mrs. Joe Artho, Mr. and Mrs. Harvey Artho and family visited in the Paul Artho home.

Mr. and Mrs. Henry Gerber and family visited in the Leonard Gerber home.

Mr. and Mrs. Leo Artho and family visited in the Bill Gerber home.

Mr. and Mrs. George Lieckhus and family visited in the Harry Friemel home.

Mr. and Mrs. L. J. Wieck and family visited in the Ed Wieck home.

Mr. and Mrs. Joe Artho visited in the Raymond Batenhorst home.

Mrs. Bernard Hartman and Kenneth visited in the L. L. Raef home.

Mr. and Mrs. Ray Gerber and family visited in the Bennie Woods home.

Mr. and Mrs. Sam Pruitt and family visited in the Bill Gerber home.

Mr. and Mrs. Dick Cole and family, Mr. and Mrs. Leroy Conklin and family, Mrs. Carrie Beckman, Mrs. Clarence Beckman visited in the Alvin Friemel home.

Mr. and Mrs. John Vorwald visited in the Rudolph Friemel home.

Exchanging visits were Alfred and Bernard Buecker with the Raef boys, Janet Brandt with Mary Albracht, Susan Lindemann with Margaret Raef, Peggy Albracht with Mary Phyllis Beckman.

Refugees

Mrs. Cummings of the Canyon Refugee Committee has had a message from Thelma Morgan of Amarillo. The Department of State has notified Mrs. Morgan of the granting of her request for a woman nurse to work in the Morgan Convalescent Home in Amarillo. No definite time of arrival has been set, but the list of arrivals will be watched for by friends of the refugee movement in Canyon.

The Langfitt left Bremerhaven, Germany, Sept. 24, with 1,256 passengers. Included for the first time on a Langfitt crossing, in addition to refugees from Germany and Austria, are 150 coming from Italy under the Refugee Program. This was a special ICEM arrangement to facilitate the transportation of those waiting to come from Italy.

Of the total, 1,226 come in under the Refugee Relief Act — emergency legislation that expires Dec. 31. The 30 others come under regular quotas of the Immigration and Nationality Act, the basic immigration law. The ship will continue in ICEM service into 1957 for those visaed (through Dec. 31) under the Refugee Act. (Other refugees continue to come by air or as passengers on regularly-scheduled ocean transportation.)

As of Sept. 21, visas issued under the Refugee Relief Program totaled 146,735. This is an increase of 113,893 since June 1. The Refugee Act enacted in 1953, provides for the issuance of 209,000 non-quota visas.

Mr. and Mrs. Dwayne Atkins, Kent and Carrol Ann were guests in the G. B. Combs home Friday evening. Mr. Atkins is manager of the Saunders Plumbing Supply in Amarillo.

Mr. and Mrs. C. V. Lowe of Gruver were guests in the G. B. Combs home over the weekend.

winning, 27-24.

Most of the Buffs are back from last year's team and eager to get one win over Tech before graduating. Tech, without a win in three games, has had a tough schedule — losing to Texas Western, Baylor and Texas A&M; while West Texas State, undefeated, has had an easier schedule — winning over Corpus Christi, McMurry and Sul Ross.

Saturday's game is in the toss-up class as last year's score would indicate. It should be a honey of a game. As Buff coach Frank Kimbrough correctly cautioned over-eager West Texas fans, "Scores are not a way to get a true value of a football team. The competition must be considered."

LOOKING HERE AND THERE:

Three teams are undefeated in the Border Conference and they are West Texas State, Arizona State of Tempe and Texas Western, each with 3-0 marks. . . . Tempe and Texas Western are tied for the lead in league-play with 1-0 conference records.

Oklahoma's Sooners scored almost a point a man in whipping Kansas State, 66-0. The Sooners used 67 players in the onslaught. . . . Despite losing 41-6 to Texas Christian, one Arkansas player George Bequette said afterward, "They (TCU) don't have any zip or hustle. Somebody in the conference will beat 'em."

Arkansas coach Jack Mitchell said, "It was the worst physical beating any team I've ever coached or played on took."

Texas certainly is conscious of the extra point. The Longhorns edged Tulane, 7-6, and then the following Saturday lost 7-6 to West Virginia.

DISTRICT 1-AA schedule: Friday - Canyon at Littlefield; Dalhart at Perryton; Olton, Tulia, Dimmitt and Muleshoe open dates. Last weekend's results - Dumas 19, Canyon 12; Olton 19, Hereford 6; Littlefield 48, Tulia, 14; Dimmitt 41, Friona 13; Hale Center 41, Muleshoe 34; Dalhart open date.

BORDER CONFERENCE schedule: Saturday - West Texas at Texas Tech; Arizona State at Idaho;

Arizona at Texas Western; McMurry at New Mexico A&M (Friday); Hardin-Simmons open date. Last weekend's results - Texas Western 34, New Mexico 0; George Washington 13, Hardin-Simmons 7; Utah State 12, Arizona 7; Arizona State 28, New Mexico A&M 7; West Texas open date.

SOUTHWEST CONFERENCE schedule: Saturday - Baylor at Arkansas; Texas vs. Oklahoma at Dallas; Texas A&M at Houston; Rice at Florida; Southern Methodist at Duke; Texas Christian at Alabama.

Last weekend's results - Texas A&M 40, Texas Tech 7; West Virginia 7, Texas 6; Baylor 14, Maryland 0; Texas Christian 41, Arkansas 6; Rice 23, Louisiana State 14; Southern Methodist 33, Missouri 27.

On television Saturday will be the Texas-Oklahoma game at Dallas and it will be carried by KGNC-TV. There will be another professional football game, Cleveland vs. New York, on KFDA-TV Sunday and a boxing match will be televised on KGNC-TV Friday night.

Demons Down Eagles 19-12

The AAA Dumas Demons "out-tinered" AA Canyon High School Friday night for the first Eagle loss of the season. Dumas, with a 2 win-1 loss season against AAAA teams, chalked up their third win of the year by a score of 19-12.

Dumas halfback Jim Tiner made two of the three Demon touchdowns and made 131 of the Demon's 200 yards rushing. In 18 carries, Tiner averaged 7.3 yards per try.

With three of the first four scores coming in the first quarter and the fourth coming at the first of the second quarter, the game seemed as if it might become a scoring match—but it turned into a ground game just after the fourth touchdown. The final score came with only 29 seconds left in the game.

Canyon capitalized on a Dumas fumble on the first play from scrimmage. Demon fullback Dwayne Mowery took the ball from the Dumas 31 to the 40, where he fumbled and Eagle quarterback Charles Neblett recovered.

Canyon halfback Harlie Adams made five yards to the 35, then halfback Don Britain shook loose for a 35-yard gallop to the goal line when the game was only 1:05 old. His try for extra point was not good.

Getting set on their own 33 after the kickoff, Dumas' Tiner ran to the 46. Mowery was held for no gain and Roy Byrd fumbled after running 15 yards to the Canyon 39. Leonard Miller recovered the ball for Canyon, and a touchdown march was set up.

Fullback Eddie Boydston went to

the 44, then Adams crossed the midstripe to the Dumas 35. Britain carried to the 29, Adams to the 27, Britain to the 20, Adams to the 18, Britain to the 14, then to the 13 and Adams set up a first down on the 7.

Britain sliced over for his second touchdown from the 7, but his extra-point kick was blocked with the clock showing 5:55 left in the quarter. The score was 12-0.

Dumas made sure that no fumbles spoiled their game on the next kickoff. Taking the ball on their own 43, the Demons marched for a score in 10 plays. Tiner carried three times, Mowery three times, and quarterback Jim Boxwell kept the ball for the other four—including the last play from the one-yard line that counted for the score. His kick was good to make the score 12-7 with 55 seconds left in the quarter.

On the first play from scrimmage after the kickoff, Britain fumbled the ball on the 24 and Demon Bill Hibler recovered, setting up the second Dumas score.

Tiner lost one yard as the quarter ended, Boxwell picked up three, Byrd 12, Tiner seven and then he took the ball on a dive play and ended up across the goal line, giving Dumas a one-point lead. Boxwell's kick was not good, but there was 9:46 left in the half.

Canyon took the kickoff, but was forced to punt after three plays. Neblett kicked to the 20 and Tiner ran it back to the 31.

Boxwell attempted a pass, Dumas ran two more plays and kicked back to the Canyon 29.

Canyon began to move, but bogged down 19 yards later on the Canyon 48 and Neblett kicked to the 21.

A Boxwell pass from the Dumas 25 was intercepted by A. L. Pruett on the 43, and he ran back to the 33.

Neblett tried a pass, Britain was held for no gain, then Neblett connected with Miller for nine yards to the 24. Adams made a first down on the 21, Neblett carried to the 15 and Adams made another first down on the 11.

He lost four to the 15 and Neblett heaved a pass that was intercepted on the 5 by Jim Mills, who ran back to the 15. Only 33 seconds were left in the half as the pass was intercepted.

Dumas ran out the clock in two plays to end the half.

In the third quarter, Canyon held the ball for 23 plays, allowing Dumas only four—they got the chance for those plays by recovering a fumble. At the end of the quarter, Canyon was in scoring distance.

Taking the kickoff opening the

second half, Britain ran back to the 32, then ran from scrimmage to the 41. Adams made a first down on the 43, Britain went to the 48, then to the Dumas 49 and Adams won another first down on the 46.

Adams took the ball two more times down to the 38 and Britain got the first down on the 35. Britain lost one yard and Adams picked up three before fumbling and losing the ball to Tiner on the 33.

Dumas made only one yard to the 34 in the three plays, and kicked back to the Canyon 27.

Adams went to the 33, Britain to the 36 and Neblett got the first down on the 40. Britain picked up four, Boydston two, Adams made it to the 49 and Neblett pushed the ball squarely on the 50 for the first down.

Britain carried to the 48, Neblett tried another pass, then Pruett substituted for him. On his first play, Pruett passed to Britain for 18 yards to the 30. Adams carried to the 27, but was injured on the play and taken from the game.

Neblett returned to play as the quarterback and Pruett took over in Adams' slot. Taking the ball, Pruett raced to the nine yard line and Britain went to the five as the quarter ended.

Boydston went to the four, Britain to the two, and one play was left in which to score. Neblett made one yard, one shy of a touchdown, and the ball went over on downs.

Jumping offside, Dumas was penalized to the ½-yard line, then shifted to single wing, causing Canyon to jump offside. Taking off from the 5½, Tiner ran to the 13, to the 16, to the 20 and to the 23, then gave Mowery, Byrd and Dean McClellan a chance each at the ball, getting it to the 42. Tiner carried to the 47, McClellan to the 50—Mowery to the Canyon 49.

Statistics of the game were:

	C	D
First Downs	15	18
Rushing Yards	231	200
Pass Attempts	9	5
Completed	2	0
Pass Yards	27	0
Intercepted by	1	3
Fumbles Lost	2	2
Punts	2	3
Average	41½	36
Penalties	2/10	1/½

WT Classes Elect Officers for 1956

Officers for the four undergraduate classes at West Texas State College have been elected for the 1956-57 session.

Presidents are Richard Pruett, Canyon, senior; Cecil Irwin, Matador, junior; David Hatcher, Borger, sophomore; and Benny Easter, Perryton, freshman.

Other senior officers are Willie Weaver, Canyon, vice-president; Pat Hubbard, Canyon, secretary; and Luther G. Hagard, assistant professor of government, sponsor. Serving juniors are Jimmy Jones, Borger, vice president, and Evelyn Fulfer, Borger, secretary.

Johnny Campbell of Spearman is vice president of the sophomore class, and Dyalthia Bradshaw of Bovina is secretary. Other freshman officers are Max Miller, Borger, vice president, and Gene Parker, Happy, secretary-treasurer. John O. West, assistant professor of English, is sponsor.

Sophomore Council Elects Room Parents

The sophomore council met Oct. 4, when the room parents were selected. Those chosen were Mrs. J. O. Parker, Mrs. Henry Wiggins, Mrs. B. E. McCormick, Mrs. R. P. Jarrett and Rev. Strauss Atkinson. Mrs. A. K. Knott and Oscar Schuette are class sponsors.

Nancy Wiggins, vice president, Suzanne Lemons, secretary, and Jimmy Boyd, treasurer, chose the committee chairmen. Those appointed were Nancy McCormick, Jimmy Hiltbrunner and Cathy Morris.

The group discussed restrictions and decided to have a party of games and dancing. The party with a Halloween theme will be held in the high school on Oct. 18.

Fairview Breezes

Bro. Billie Jo Hall preached for us Sunday morning and evening.

Mr. and Mrs. Frank Rogers report a nice time at Lake Brownwood the past weekend at the Miller reunion.

Mrs. G. E. Wesley and Lavena Amerson entertained the Home Demonstration Club Friday afternoon. Business was taken care of after which Mrs. E. M. Wilson and Mrs. H. H. Shipman gave an interesting demonstration on packing a suitcase.

Mrs. H. H. Shipman will be unable to have the next club meeting so all members are invited to attend in the home of Mrs. J. W. Wesley.

Mr. and Mrs. Frank Rogers have been ill with colds the past week.

Mr. and Mrs. Charles Sutton were visiting their son-in-law, Max Barnard, in Neblett Hospital Friday morning.

Mr. and Mrs. Patterson were glad to have their daughters, LaQuita and Bettie, visit them over the weekend. Both girls were welcomed to Sunday School and church Sunday.

Mrs. Charles Wilson was on the sick list Sunday.

Almost everyone turned out for the football game at Happy Friday evening with Kress.

Mrs. Woodrow Wesley was on the sick list a few days the past week.

Emiel Ross, young son of Mr. and Mrs. Raford Shipman, was ill several days the past week.

Those playing "88" in the G. E. Wesley home Saturday evening were Mr. and Mrs. J. W. Wesley and Mr. and Mrs. Frank Rogers.

Brother and Mrs. Billie Jo Hall and Bill visited Sunday with Mr. and Mrs. Vernon Collier and Jane.

Oscar Read has been feeling quite ill the past few days.

Donald Wallace Duncan visited Sunday in the home of Mr. and Mrs. Tom Monroe and Mike of Canadian.

CCTA Hears Howell Discuss Amendment

An instructor in the Amarillo public schools, C. T. Howell, discussed proposed Amendment 4 for the Canyon Classroom Teachers Association at a recent meeting. The amendment is one which

will be voted upon during the general election in November, and would change the present teacher retirement system. Howell said the change should help keep teachers from leaving the field and should encourage new teachers to the field.

Howell was introduced by Ray Wells. The president, Mrs. Joe

Findley, presided at the meeting. Mrs. S. P. Burgess, accompanied at the piano by Mrs. Cortez Dowlen, led the group in a sing-song.

Mr. and Mrs. O. A. Maxwell of Jacksonville, Fla., arrived Friday to visit with their daughter and family, Mr. and Mrs. Glenn Gardner.

Here's why Blue Chip GMC's cost less to own

It's no secret that GMC Blue Chip haulers consistently outperform their class. Now read why they're also the lowest-cost trucks on anybody's books

Better gas mileage

High-compression engines teamed with high-efficiency gear ratios produce maximum fuel efficiency.

Balanced power trains

Transmissions, axles and power plants are matched. Teamed for specific needs, they're more than equal to the job.

Less down-time

Thanks to the truck industry's most advanced engineering, GMC Blue Chip repair needs are the lowest of all, according to accredited fleet records. GMC trucks stay on the job!

Hydra-Matic® savings

Best-proved of all automatic transmissions, Hydra-Matic

Drive prevents fuel waste, cushions shock-loading, cuts traffic time, saves tires, spares drivers. GMC is the only truck manufacturer with Hydra-Matic Drive in its full line!

Worth more on trade-in

In better condition after five or six years' work—with their advanced styling that keeps them looking young—Blue Chip GMC's command top resale value. After writing off their original cost, they STILL absorb a big part of their replacement expense!

*Optional at extra cost

Record-Breakers in Their Class.

GMC's F370, at 19,500 GVW, and the 450 at 22,000, are famous for fast-paced, low-cost work in the construction, city delivery and general hauling fields.

How You Fixed?

Six weeks exams are here. How will you do?

Exams are not so hard—if one keeps up with one's studies. It's something like building a house. If one doesn't have a good foundation, putting on a roof is practically impossible. The roof, or should we term it the exam, has to have a foundation, floor, and walls laid first.

One has to pass in three-fourths of one's studies to be eligible for Interscholastic League competition. This includes football, basketball, or debate.

Seniors might remember that they are going to want to be exempt next semester. It is easier to pass next semester if one has learned what has come this semester.

College entrance examinations will be coming up. To those that have studied the exams are hard but able to be worked. But to those students who haven't laid a good foundation, the tests are almost impossible to pass the first time.

The juniors, sophomores, and freshmen might remember that some teachers give tests that students can't pass unless they study.

Wild Horses?

Was that a herd of wild horses that just went down the hall?

No, it was just a group of students hurrying to class after being delayed in the halls by some scuffling boys.

Everyone in CHS uses the halls. When a small group of four or five stop to talk and block the hallways or stairs, other students have to stand and wait for the obstruction to clear.

One of the main problems of the school is a group of students blocking the hall by walking slowly abreast or stopping to talk. Other students can't get by to go to class. Some have just enough time to get to class if there is no delay.

Another handicap is the problem of students scuffling in the corridor. These thoughtless students mean no harm, but occasionally an innocent bystander is injured. Let us say that two boys are fighting in the halls, and boy A pushes boy B into a passing student. The victim falls into a locker or pushes his hand through a door. Last year, a student of Canyon High cut his wrist by running it through the glass in a gym door.

No one would want to hurt another student or be the cause for someone else to be late to class.

Scholarships Are Being Offered

Over 500 scholarships are being offered to seniors across the nation this year by the National Merit Scholarship Corporation, a non-profit organization.

Winners of the scholarships, which are adjusted to the student's needs, select the accredited college and the choice of study and work toward any of the usual baccalaureate degrees.

Scholars will be chosen by a series of competitive examinations. A two-hour qualifying test on scholastic aptitude will be given free October 24 to the most promising five per cent of the senior class or to any other senior for the candidate fee of \$1. The most promising five per cent is selected by the principal. All students taking the exam will be given equal consideration.

No special program of study is required for the test. A student who has not done satisfactory work in high school will be handicapped in taking the test.

The highest scorers in each state become semi-finalists, who are required to take the Scholastic Aptitude Test of the College Entrance Examination Board, complete a biographical form, and to designate the college they wish to attend. The school principal will be asked for information on a semi-finalist.

Finalists will be selected on the basis of scores on the Scholastic Aptitude Test, school recommendations, and biographical information. All finalists will be awarded a Certificate of Merit. Financial information must be given by all finalists.

Scholars will be selected from the finalists and will be notified by March 15.

Some Are Using Contact Lenses

Contact lenses are a blessing to people these days. Some people wear their contact lenses as long as 10 hours at a time.

Why do people wear contact lenses? Some people's eye conditions require the use of contact lenses in order to see. The professional people—actors and actresses, athletes, for instance, need contact lenses in order to work. It is found that the large majority of these lenses are worn by women.

Will contact lenses take the place of glasses around the clock? The doctor will give the beginners a short time each day to wear them; most beginners start at 30 minutes a day and work up slowly. Some people work up as many as 10 hours a day.

Are there different types? If so, do costs vary? Yes! There are really three different types of contact lenses, conventional, fenestrated, and corneal. The cost varies as to the type of lens received.

Serenading the "Almighty Seniors" on freshman initiation day are "slimes" Mary McKay, Nedra Fanning and Cookie Fowler. Other "fish" gave similar performances.

Seniors Start Year's Activities

New Orleans? Ozarks? Florida? Where will the '56-'57 seniors of CHS go this year on the annual trip taken every year? At any rate, money is being raised to reach that goal. Football programs are being sold at every home game.

The programs are 15 cents each, so the only profit made is on ads. Adorning fans at some games will be mums of purple and white. They are sold less often because they are \$1.50 each. Future profit is expected from the senior play.

Activities other than raising money include the electing of class officers, ordering rings, parties and by the way, initiating the freshmen. Presiding over the senior class this year will be Larry (Eisenhower) Brandon; Gerald Free to play like in case Larry is away; Lynn Atkinson was elected secretary, and Marcus Robinson will be treasurer. Mr. George C. Cristy, teacher and business manager, and Mrs. Clara B. Long, FHA sponsor, will lead the class throughout the year.

Mr. Murray Sealy, a Star Engraving Company employee, measured the seniors and ordered their class rings on September 10. A military finish was chosen. New rings will be selected by next year's class as this is the last of a three year contract. Rings are expected by November 1.

To kick off the year, the class had a party on September 28. Another social is slated for December 31 to usher in the New Year. Also on September 28 the seniors initiated the freshmen into full membership of CHS.

"Veto" comes from the Latin meaning "I forbid."

TORRINI & PHYLLIS

Torrini, Phyllis Are Coming Here

Madeup wizards of hocus-pocus are to present a magic program October 18 here.

Torrini and Phyllis are the names of the magicians who will perform in another of the fine Southern School Assemblies.

This team started their career in show business at Omaha, Nebraska. In the beginning they took up magic as their hobby and in time it grew into a full time profession. They traveled a lot and have given performances for all age groups. Laughter will be spontaneous in the audience during the many comical situations created by them.

One of the many highlights of their program is Torrin's fast comedy cartooning in which he

creates the cartoons before your eyes. The pictures are drawn from letters of the alphabet, numbers and words. Some of his drawings are done in block and white. He will also do some in beautiful vivid colors.

Fans Ride Chartered Bus

Dumas or bust might have been the motto of CHS fans traveling on the chartered bus to Dumas for the ballgame last Friday night, Oct. 5.

Approximately 50 students and parents left at 5:30 Friday afternoon and arrived in time to see the ballgame between the Eagles and the Demons.

The Canyon Quarterback Club sponsored this chartered bus to Dumas. Each person riding the bus paid a fee of \$2.

Atkinson, Long Attend Meeting

Attending the Area I FHA Executive meeting from Canyon were Mayla Atkinson, public relation officer, and Mrs. Clara Long, Canyon FHA chapter advisor. This executive meeting was held in Slaton on September 22.

In the morning session, each officer reported on her area of work and gave suggestions for improving that field.

Lunch was served for the officers and sponsors in the Slaton High School homemaker department by FHA members.

The Area I FHA meeting which is to be held in Amarillo in March was outlined during the afternoon meeting.

Another meeting of the executive group is to be held in Canyon on January 26. Plans for the Area I meeting will be completed.

SFC Organizes, Elects Officers

Thirteen Student-Faculty Congress members, Mr. Ray C. Wells, SFC sponsor, and Mr. James Miller, principal, met on September 18 to plan for a year of constructive activity.

Officers of the SFC are Tommy Davis, president; Roy Hunter, vice president; Theresa Mickey, secretary; and Janet Taylor, treasurer.

Representatives from the senior class are LaVerne Riley, Burton Davis, and Theresa Mickey. Dana Wilbanks, Alan Hanks, and Janet Taylor represent the junior class. Sophomore representatives are Cathy Morris, Dwayne Ledbetter, and Suzanne Lemons, and representing the freshman class are Bill Cornette, Karen Parker, Margaret Lee Johnson, and Richard Purcell.

Starting projects under discussion for the year are to have a reception committee for visitors to our school, fire drills, and a "get-out-and-vote" campaign.

Calendar

Junior Magazine Sales Is \$2000

Approximately \$2,000 was collected by Friday, October 5, by the juniors in their annual magazine sales campaign which got underway Sept. 20 and will last until October 9.

The team leaders are Carolyn Glanton and Mary Gladys Marshall. Mac Boswell won a panda bear the first day of the sales. An ice cream party was held the second day for all who had reached their personal quota of \$30. Weldon Tuck won a spy camera on the third day. On Thursday Jim Fanning won \$10, and Weldon Tuck won a flash camera at a drawing of

Standards Set Forth for NHS

Scholarship, service, leadership, and character on which National Honor Society members are chosen, was the theme of the opening admonition Mrs. Cecil Simms, NHS sponsor, gave to the permanent members at their first meeting on September 12 at the high school.

Worthy individual behavior, character, and personal achievements were stressed as goals of NHS members, rather than group activities for fund-raising purposes. It was impressed upon the minds of NHS members that much was being accomplished when they exhibited an enthusiasm for scholarship, portrayed fine qualities of leadership, or gave service to the student body or faculty.

Since NHS is an honor society, its activities do not necessarily include such projects as other organizations do.

Officers elected at this meeting to serve the first semester are Brian Tolliver, president, and Cecilia Waters, vice president. The secretary and treasurer will be elected at the next meeting, and their names will be published in a later edition.

Notice

The schedule of the examinations for the first six weeks is as follows: Wednesday, Oct. 10, 2nd, 4th, and 6th period classes have examinations. Thursday, Oct. 11, 1st, 3rd, and 5th period classes have examinations.

Findley Attends Austin Workshop

A Canyon High School teacher participated in the science workshop at the state capitol October 4.

Mrs. Joe Findley attended the discussions and lectures, and was a member of a panel. The discussion and panel included a number of the 200 teachers who were to participate in the science program.

Dr. Roger Williams, president of the American Chemical Society, led some of the discussions. Dr. Williams also gave several lectures on nutrition and classwork.

Pictures Made For Yearbook

The freshman, sophomores, and juniors were having individual pictures made in the auditorium on Monday, Tuesday, and Wednesday. The pictures were being taken for the yearbook. Fees for the pictures were 50 cents each.

The boys wore suits, dress shirts and ties, and the girls wore tailored blouses or sweaters.

The freshmen had their pictures made on Monday; sophomores and juniors Tuesday and Wednesday. The pictures were made by the Britain's Studio.

75 Pounds Meat Used Here Daily

Seventy-five pounds of meat a day is what it takes to feed students from junior high and high school for lunch.

It takes 100 pounds of potatoes, 12 loaves of bread, 15 gallons of peaches, 7 gallons of corn, 10 gallons of green beans, 18 cakes, 15 cabbages, and 14 cases of milk for a day.

The junior high eats about half of the food prepared and the high school eats the other half.

On the days the cafeteria serves hamburgers, it costs about \$19 for hamburger buns, \$11 for potato chips, \$25 for meat, \$3 for salad dressings, and \$10 for ice cream.

The food comes from different grocery stores in town, and the government, at times.

It takes the women who prepare the lunch, from 7:30 a. m. until 3:30 p. m. to prepare the meal, serve it, and then clean up.

The women who prepare the meals in the cafeteria are Mrs. Dortha Green, manager, who has been working in the cafeteria for six years; Mrs. Gene Peppard, working for 13 years; Mrs. Eva Furlow, 12 years; and Mrs. Ophelia Voorhees, working for her first year.

Prizes are awarded to the highest salesman for each day and week. To be eligible for the drawings of the names, all students must have sold \$30 worth of subscriptions.

The juniors receive 30 per cent of the price on most magazines. They receive 50 per cent on the Saturday Evening Post, Ladies Home Journal, and Holiday.

The United States Army has imposed a curfew on its 250,000 troops in West Germany in an effort to curb crimes by servicemen.

Homecoming Celebration Planned For All CHS Exes November 2

Homecoming is just around the corner for exes of Canyon High! This celebration and reunion of friends will take place on Nov. 2 at Canyon High School and at the Muleshoe football game Friday night.

For a good while there has been talk among the student body in

favor of a homecoming celebration. On September 28 the faculty, student council, an annual representative, and Eagle's Tale representatives got together and voted in favor of a homecoming.

Mr. George Cristy, business manager of CHS, appointed chairman of the general planning committee, has already met and made preliminary plans with the committee which consists of Mr. Guy T. Harrison, athletic coach; Mrs. A. K. Knott, algebra teacher; and Mr. James E. Miller, principal. Student Council representatives from each class are LaVerne Riley, Roy Hunter, Dwayne Ledbetter, and Karen Parker.

This group is responsible for working out the overall plans and the details of the homecoming celebration.

A bonfire, sponsored by the cheerleaders, will start the ball rolling on Thursday night, Nov. 1.

All day Friday open house for the exes will be conducted so that they may revisit their high school alma mater and talk over old times with friends. The FTA will be in charge of the registration of exes and will see that exes feel at home and enjoy the day.

Friday afternoon an assembly for the entertainment of the exes will be given by students in National Honor Society.

Coronation of the Football Queen at the Eagles vs. Mules football game will highlight the homecoming evening's activities. She will be elected by the football team and crowned by the Student Council president, Tommy Davis.

The football queen will be one of three girls elected by the team, and the queen's identity will remain unknown until the time of coronation. The band and annual staff are in charge of the queen's coronation ceremony.

Publicizing and building up interest in homecoming is being handled by the Eagle's Tale staff.

After the football game there will be a social at the high school to conclude the reunion day's festivities. Mr. T. L. Devin, agriculture teacher, will be in charge of this social. A dance band, "The Saintry Six," under the organization of Bobby Samuelson, will play for the social. Those in the band are Norris Samuelson, Bobby Samuelson, Bob Fielden, Brian Tolliver, Al Myers, and a pianist who has not been chosen yet.

Refreshments will be served by FHA members, and the freshman class will be responsible for the decorations.

Accident insurance has been offered to the student body on an elective basis by parents. The insurance, which was tendered by the National Educators Life Insurance Company of Fort Worth, costs \$2 and pays up to \$2,000.

Students would be covered at educational institutions on a regular school day, at regularly scheduled school sponsored activities, while traveling to or from regularly school sponsored events, or while trekking from and to home and school to participate in school sponsored events. However, parents may choose not to insure their children.

Payments would be made for hospital room and board, clinic supplies and services, physician or surgeon fees, service of a graduate nurse, laboratory and X-ray fees, anesthetics, ambulance transportation up to \$15, emergency and out-patient treatment, and drugs, medicines, or dressings. However, no payments would be made of injuries made during summer school or vacation or during competitive tackle football unless especially covered or an injury or illness not caused by a school activity.

Both the essay and the release must be mailed to the Junior Woman's Book Club by Nov. 1. Decisions by the judges, who are members of the Book Club and of the West Texas State College English Department, will be final.

Essays should be not less than 200 words or more than 300 words. A release giving the club permission to use the essay in promoting traffic safety in the community must be signed.

Entrants must be a pupil of Canyon High School or junior high. A \$5 prize will be given the writer of the award-winning essay in both Junior High and High School divisions.

Essays should be not less than 200 words or more than 300 words. A release giving the club permission to use the essay in promoting traffic safety in the community must be signed.

LaVerne Riley Appointed to McCall State Fashion Teen Board for Year

At the Future Homemakers of America meeting Thursday night, LaVerne Riley will be awarded a pin and certificate certifying that she is a member of the State McCall's Fashion Teen Board.

She was notified of the award by the McCall Pattern Company through Dan's Store this week. Last spring she was chosen to represent the Home and Family Life Department of Canyon High School as a general member of the board.

Appointments to the board are made on the basis of sewing ability, clothes wearing and modeling, initiative, tenacity and cooperation. Members of the Fashion Teen Board help decide which popular teenage designs should be drafted into patterns. There are 13 members of the board.

The daughter of Mr. and Mrs. J. L. Riley, Miss Riley has been a member of FHA since 1953;

Cooper Services Held Wednesday

Services to the memory of Mrs. Mary Jewel Cooper were to have been conducted at 2:30 p. m. today in Warren-LaGrone Funeral Chapel by the Rev. A. J. Pettit, pastor of the Assembly of God Church.

Pallbearers were to be Joe G. Crowley, W. A. Loven, Maxwell Brummett, Hunter Riley, Chester McDowell and Raymond Strohmeyer. Burial was to be in Dreamland Cemetery.

Mrs. Cooper, 51, died Tuesday morning at her home near Canyon following an illness of several months.

Survivors include her husband; two sons, Ralph and Lee Cooper, Canyon; four daughters, Mrs. Jimmie Lou Cooper and Doris Cooper, both of Canyon, Mrs. Jewel Hodge and Mrs. Ray Jackson, both of Amarillo; two sisters, Mrs. J. N. Perkins, Durant, Okla., and Mrs. W. E. Parr, Ardmore, Okla.; and eight grandchildren.

Father Dies in Massachusetts

Mrs. Glenn Haynes and mother, Mrs. Arthur LeBlanc, were called to Fitchburg, Mass., Sunday night by the death of their father and husband. Mr. LeBlanc died of a heart attack. The funeral was held this morning. Mrs. LeBlanc had been visiting her daughter and family for the past month.

Harvey Cash Gets Texaco Promotion

Harvey Cash, son of Mrs. Harvey Cash of Canyon, has been appointed assistant to the chairman of the board of directors of the Texas Company.

He had been general manager of Texaco's Foreign Operations Department-Eastern Hemisphere since April, 1954.

Cash attended public schools in Canyon and was graduated from Texas A&M College with a B.S. degree in electrical engineering in 1933. He joined the Texas Company the same year. Beginning in 1942 he served four years in the Office of the Chief Signal Officer in Washington, and attained the rank of lieutenant colonel.

Upon returning to Texaco after the war, Cash was named supervisor of Field Operations, Geophysical Division, at Houston. He held positions as Petroleum Engineer and Assistant Division Manager in the Producing Department before being transferred to Foreign Operations in New York in 1953.

Tulia Garden Club Demonstration Slated

The Tulia Garden Club is sponsoring a Flower Arrangement Demonstration to be held Oct. 22 at 2 p. m. in the American Legion Hall.

Mrs. Jason Robberson of Amarillo will give the demonstration. Mrs. Robberson is a National Accredited instructor, and is well known in this area as she conducts schools for flower arrangements throughout the state.

Everyone is cordially invited to attend.

Births
Mr. and Mrs. Harold Loyd Russell of Dawn are parents of a boy born Oct. 4.

It's a girl for Mr. and Mrs. Joseph Nelson Knight of Amarillo born Oct. 7.

Mr. and Mrs. Clarence Eugene Thompson are parents of a boy born Oct. 8.

A girl was born Oct. 8 to Mr. and Mrs. James Donnell Cheyne of Canyon.

Wayside News

There were no church services last Sunday as it was the fifth Sunday.

Mrs. Clifford Stevens, Barry, Terry and Mrs. Fannie Stevens were Canyon callers Tuesday.

Mr. and Mrs. W. R. Franklin visited last Sunday afternoon with Mrs. Doris Gillham and Traverne in their home in Canyon.

Mr. and Mrs. George Denny have lately topped the Fort Worth market with their fat lambs.

Mr. and Mrs. Arnold Helms of Claude called in the W. R. Stockett home Friday afternoon.

Uncle John McGehee celebrated his 88th birthday Sunday in place of Tuesday, Oct. 2, his real birthday. Those calling to wish him many more happy birthdays were Mr. and Mrs. A. E. Helms and Mr. and Mrs. Nola Mae Stockett of near Claude, Mrs. Mary Jenkins and Merle of Canyon, Mr. and Mrs. Roy Stockett of near Tulia, Mr. and Mrs. Joe Rogers, and Mrs. Bessie Lane, all of Wayside.

Billy Counterman of Happy, who has been home on a 10 day leave, left last Monday for Treasure Island near San Francisco, Calif., to begin a 24 weeks school of communication, technicians and maintenance. Billy is a nephew of Mrs. W. R. Franklin.

Pfc. Chaney Gillham, son of Mr. and Mrs. Loys Gillham, is a driver in ambulance company of First Infantry Division, medical battalion, at Fort Riley, Kansas.

Mrs. Melton McGehee was elected state treasurer of the Texas Home Demonstration Association at the state convention in San Antonio recently.

W.S.C.S. met at the church Tuesday afternoon with Mrs. Guy Watson as program chairman with the subject, "Islands of Southeast Asia." Those attending were Mrs. Floyd Adams, Mrs. Melton McGehee, Mrs. O. E. Tuggle, Mrs. Leroy Roberts, Mrs. Willie Modisette and Mrs. Guy Watson. It was decided to have the Wayside and Vigo Park W.S.C.S. meetings separate. They will meet together quarterly.

Mrs. Joyce Meeks and Mrs. Jim Holly of Amarillo visited in the G. B. Combs home Saturday night.

Murder Trial-

(Continued from Page 1)
Chapman's billfold.

The confession detailed how Chapman had picked Young up in Arizona on the evening of March 12 and had brought him to Amarillo. They had gone to the bus station to pick up Young's luggage, which had been sent ahead by bus.

The luggage had not arrived, the statement said, and the pair drove to Canyon, eventually stopping in the roadside park. Young's statement said he walked away from the car, but Chapman called him back. The statement said Chapman had a gun in his hand, but was "pointing it at no place in particular."

The two got back in the car, facing each other. The statement said Young noticed that Chapman's gun was laying in his lap and Young reached in the back seat for a bayonet he had seen previously.

Young's confession said he got the bayonet and began stabbing Chapman, who fought back.

After killing Chapman, Young drove the car to Oklahoma, then on to Wichita, Kan., getting rid of various articles Chapman had in the car along the route, according to the statement.

Young was arrested May 29 in Wichita. He aided Sheriff Johnston in recovering those articles he had disposed of.

Judge Jordan gave the jury a

Sheriff Johnston testified of the condition of the body when it was found in the park, and the appearance of the surrounding area.

When he began testifying as to what articles he had recovered after arresting Young in Kansas, the defense began stipulating.

Following a recess for lunch, Charles Smith, a Department of Public Safety chemist, testified that human blood had been found on a seat cover, upholstery material, piece of foam rubber and a floor mat from Chapman's car. The defense then stipulated that the articles were in the car and any blood on them was Chapman's blood.

Deputy Sheriff Elmer Burnett told of recovering the bayonet Young had used to kill Chapman, and had thrown in a creek near Treece.

Mrs. Chapman, widow of the slain man, told of the last time she had seen her husband, and the last time she had talked to him by telephone. At that point, the defense stipulated that the person Young stabbed was the Chapman named in the indictment.

Following Mrs. Chapman's testimony, Lair rested his case, and after a 15-minute recess, the defense rested, and the case was closed.

Judge Jordan gave the jury a

standard charge for murder, plus an explanation of the law of self defense, which was included at the request of the defense counsel.

In arguments before the jury Lair said the jurymen would not have to decide whether the defendant killed a man or not, "because his statement says he killed the man." He said that the murder was committed because Young wanted to rob Chapman.

Kolius told the jury that Chapman may have been killed because Young was acting in self defense.

Flesher asked the jury for clemency for Young. With quavering voice, Flesher said, "I beg you not to take away from this man what he took from the other man. If you find him guilty as charged, you don't have to give him the death penalty."

In his closing argument, Lair asked the jury for the death penalty for Young.

Around the Town..

By MRS. CLYDE W. WARWICK

Jim Cornette, son of President and Mrs. James P. Cornette, has started a new style in foreign travel. His successful trip through Europe "on his own" covering as it did all the interesting points of the conducted tours had the added value of Jim's being able to stay as long as he wanted to at the places that interested him most.

One thing Jim prizes most is the friends made on the trip. In one letter he had been to Belfast with two boys from South Africa. He went to Glasgow with two boys from Germany and to the Royal Highland and Agricultural Society of Scotland Show in Inverness with a boy from Australia. Jim said the show was very good. In traveling this way Jim met many people from many lands beside the native people he met in every country he visited.

He visited many places too small to be on the map. Jim found Europe great and wonderful. One of the prettiest scenes he says he will always remember was the sun setting over the ocean. Jim was the first boy from Canyon to travel in this manner, but his enthusiasm has already encouraged many young people to try this method of "seeing the world."

The Duke and Duchess of Windsor are visiting in the United States and appeared for 20 minutes on the TV show Person to Person.

This pitiful "man without a country" playing with his bauble "20 years of happiness." Refusing, he said, "To look backward." Listening one felt the full force of the words: "Of all sad words of tongue or pen, the saddest are these: It might have been." His only claim to the fame he craves being his refusal to serve his country. Too bad! I never use that expression that I am not reminded of what happened, must be 30 years ago.

We lived next to the Wallace Clarks. Mr. Clark, then head of the music department of WTSC, had brought a singer to the college to give a concert. After the concert we were with a group who were talking to the singer when Mr. Clark handed him his check for the night's performance. He looked at the check and immediately said, "This is not right. It should be for \$100 or more." Mr. Clark produced his contract

which read for the amount of the check he had given. The singer produced his contract and it read for \$100 more. It was a mistake about which Mr. Clark could do nothing as he had fulfilled his part of the contract. The singer was expressing himself most vehemently, perhaps I need a stronger word, when he turned to me and said, "I can't afford to come down here from Chicago to sing for this amount."

Feeling I should say something I said "It's too bad." Indignantly he said to me, "TOO BAD! MAD-AM, IT'S DAMNABLE." I have long since forgotten the name of the singer and his program but I have never forgotten those words. Oh! Well! someone has said, "A woman's most important accessory is a well-dressed man." The Duke is well-dressed.

And—if you think I shouldn't have said this let me tell you that Alstair Cooke, one of England's most widely read American correspondents, called Sam Rayburn, a man who has distinguished himself in his service to his State and Country, "The favorite bull from Texas."

And that reminds me of a story my brother-in-law, Grady Richards, of Florence, Ala., tells. Two men had been friends from boyhood. Now they had reached a ripe old age, their children reared, married and gone from home, their wives gone to their reward, the two men settled down to enjoy old age. Every night they had dinner together at one of their homes and then played chess. One of them decided he must go to visit his children and on returning home found his friend had been placed in an institution for the demented. Immediately he went to see him, stayed for three days and found his friend to be perfectly normal. The friend told him his children had placed him there so they could get his property. Indignant, the man returned home, confronted the children and demanded his friend be returned home. Against their better judgment the children took their father home and that night the two friends rejoicing had dinner together and played their usual game of chess. The man who had been in the institution lost, excused himself, left the room and in a

minute returned brandishing a huge knife and screamed, "Beat me, will you. Well, I'm going to cut your heart out!" There was a scramble, at last they got outdoors and there the same man was chased up a tree. All night he stayed in that tree while his friend below threatened to kill him if he could reach him. By morning the servants returned but they refused to come near. They sent for the man's son. He came over, ordered a hot cup of coffee with some whiskey and sleeping tablets in it. This he held where his father could smell it, dropping the knife. His son got him in a chair where he soon fell sound asleep. Then he rescued his father's faithful friend. When he was down, stiff, sore and exhausted from his night's vigil, the son said to him, "Well, what do you think now?" The old man replied, "Son, I've heard of fools, and darn fools and gold-darn fools but I'm the gold-darndest fool that ever lived."

Mrs. Kenneth McDougall of Walla Walla, Wash., nee Jessie DeGraffenreid, formerly of Canyon, sends this recipe for Apricot-Banana Bread:

1/2 cup fat
1/2 cup sugar, cream these.
2 eggs whip.
1 cup ripe bananas mashed (about 3)
1/2 cup buttermilk. Combine these and add flour.
1 1/4 cup flour, sift then measure.
1/2 teaspoon soda
1/2 ts. salt. Mix these three.
1 cup whole bran
3/4 cup dried apricots, cut fine.
1/2 cup walnut meats, broken.
Stir these last three ingredients together then add all together. Bake 350 degrees for 45 minutes or until done when tested.

The bananas are moist and give the appearance of rawness when in reality it is done.

It is said that in a relatively short time we can have on-the-wall television.

"Work in proper spirit done
Still is work, but also fun."
—Buddy the Beaver

If I were to choose the busiest person in town it would be Mrs. Noah Arnpriester. The mother of seven children ages 12 to two years, Mrs. Arnpriester is always at church with all of her children nicely dressed, clean as pins and well behaved. She finds time to teach a Sunday School class, works in the W.S.C.S., taught in the Bible School, works with the youth organization. Mr. Arnpriester is a junior in WTSC, where he is studying for the ministry. He is also a teacher in the Sunday School. It is an inspiration to see this couple and their children.

Shipman and Wilson Give H.D. Program

The Fairview Home Demonstration Club met with Mrs. G. E. Wesley on Oct. 5. Mrs. Inez Shipman and Mrs. E. M. Wilson gave the program on "How to Pack a Suitcase" and "Low Calorie Diet."

Refreshments were served to Annie Wesley, Serena Bryan, Grace Schaeffer, Georgia Rogers, Lavena Amerson, Inez Shipman, Evelyn Shipman, Madge Sutton, Edna Wilson, Fernie Wilson and the hostess, Lizzie Wesley.

Margaret Steel Dies in New York

Miss Margaret Steel died Thursday at her home in Richmond Hill, N. Y. The funeral was held Monday in New York. Miss Steel has visited in Canyon several times with Miss Osce McCrerey in the J. W. McCrerey home.

Clarence Edward Young was sentenced to life imprisonment. Unfortunately, Robert Boyd Chapman, father of two small children, whom Young murdered is still dead.

The Horticulture Department of Texas Technological College in Lubbock has extensive fields of

chrysanthemums that are open to the public to see and enjoy. They grow a great number of varieties and are doing some experimental work with plants for bloom after our frost date, supposedly frost-resistant varieties. These plants are not yet at their peak. It is thought they will be by October 10. It will be well worth your

time to go to see this display.

It is predicted by an expert that by 1956, WOMEN will have moved into one of every three jobs in this country. Ewan Clague, Commissioner of Labor Statistics, forecasts a labor force, in that year, of 53 million men and 24 million women, many of them married

women with jobs outside their homes.

Crime last year cost \$23,750,000. The cost per family, that is your family was \$500.

"This is the day which the Lord hath made; we will rejoice and be glad in it."—Psalm 118:24.

This is where Tomorrow starts!

After today, American cars will never be the same again.
For the Big New Kind of Ford is a brilliant new
automotive package—the one fine car in the low-price field!

We've unwrapped the 1957 Fords!

They're the best Fords of our lives.

The power is new—with Silver Anniversary V-8's to fit every horse-power need.

The style is new—a revolutionary, sharp, brilliant, clear-cut design that will stand out in traffic.

The comfort is new—a rock-solid velvet-road ride.

The braking is positive—silky smooth when your toe says "whoa." The steering is light and firm.

This is a great automobile, from the large honest dial faces on the instrument panel to the effortless loafing way it cruises.

The new Ford begins with the "Inner Ford." Its new elegance comes from within, from the way its automotive muscles are put together. All the changes are toward more rugged endurance, toward increased power,

toward smoother operation. These are the bases for its "Mark of Tomorrow" elegance. This is the one fine car in the low-price field.

There are actually 19 different new kinds of Ford—and no matter which one you choose, it's yours at low Ford prices!

How does it look? It's only fourteen hands high—as tall as a child's pony. You can stand beside it and lean your elbows on its roof. And it's over seventeen feet long... 21 inches wider than it is high!

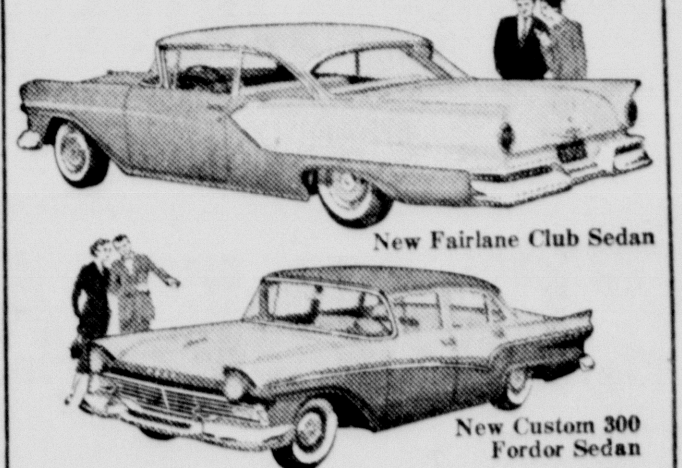

This big new Ford looks like the fun on a travel poster. It's the kind of car that looks sunshiny in the rain.

It looks as fresh as morning.

It looks like tomorrow—like the first thing out of Detroit that symbolizes the new Age of Movement.

See it at your Ford Dealer's. Give it your own Action Test. But you'd better leave a deposit... for you won't want to bring it back.

The Big New Kind of Ford Comes In 19 Models

In all models you have your choice of engines, either the great Mileage Maker Six or one of the new Silver Anniversary Ford V-8's. You'll have no trouble choosing Ford—but you'll have trouble choosing which Ford! Six or V-8, the going is great!

*A special 270-hp Thunderbird 312 Super V-8 engine available at extra cost. Also, extra-high-performance Thunderbird 312 Super V-8 delivering up to 285 hp.

See the new kind of Ford for '57
at your Ford Dealer's today!...
